for Global Standards**

# About Our Company

## Introduction

Nationwide Management Services (NMS) is a pioneering business solutions company based in South Africa, dedicated to driving continuous improvement, compliance, and sustainability in alignment with both national and international standards and legislations. Our mission is to partner with businesses to create resilient, efficient, and compliant management systems that meet and exceed global standards.

## Who We Are

At NMS, we specialize in consultancy and internal auditing services across various ISO Management Systems. Our expert team is committed to helping organizations achieve certification and maintain compliance with industry-leading standards. We believe in a collaborative approach, working closely with our clients to develop management systems that not only meet the necessary regulatory requirements but also drive operational excellence and business sustainability.

# Our Expertise

We offer comprehensive consulting services aimed at achieving certification in the following standards:

- ISO 9001 – Quality Management
- ISO 22000 – Food Safety Management
- ISO 22301 – Business Continuity Management
- ISO 45001 – Occupational Health & Safety Management
- ISO 14001 – Environmental Management
- ISO 50001 – Energy Management
- ISO 55001 – Asset Management
- ISO 41001 – Facility Management
- Integrated Management System (IMS)
- SANS – SABS mark standards
- Other bespoke management systems

# Our Services

## 01 Quality Management

- Implementing ISO 9001 QMS and ISO 18091 LQMS to build trust and transparency within organizations, ensuring customer satisfaction and quality excellence.

## 02 Risk Management

- Conducting thorough risk assessments based on ISO 31000, ensuring compliance with IRMSA and other authorities.
- Specializing in Water Safety Risk compliance with WHO standards and ISO 22000.

## 03 Health and Safety Management

- Promoting occupational health and safety through ISO 45001 certification, helping organizations reduce workplace hazards and prevent accidents.

## 04 Environmental Management

- Committed to environmental responsibility with ISO 14001 certification, aiding organizations in reducing their environmental footprint.

# Our Services

## 05 Energy Management

- Enhancing energy performance and efficiency in line with ISO 50001 and UNIDO standards, driving sustainability in operational practices.

## 06 Business Continuity Management

- Assisting in the development of robust Business Continuity Plans (BCP) through ISO 22301 certification, ensuring business resilience in times of crisis.

## 07 Product Certification

- Supporting compliance with regulatory and mandatory standards for import and export, ensuring products meet national and international standards.

# Our Approach

We work in a structured, step-by-step process to ensure that our clients achieve certification smoothly and effectively:

## GAP AUDIT

- We begin with a comprehensive review of your existing management systems and work practices to identify areas that meet ISO standards and those that require improvement.

## SYSTEM DEVELOPMENT

- Based on the Gap Audit, we develop your ISO manual, procedures, and forms in close consultation with you, ensuring alignment with your business processes.

## SYSTEM IMPLEMENTATION

- We guide you through the implementation of your new system, providing full support and ensuring that all processes are understood and followed.

## TRAINING & CHANGE MANAGEMENT

- Our training programs ensure that your team is fully equipped to manage the new systems effectively, fostering a culture of continuous improvement.

## INTERNAL AUDIT

- We conduct internal audits to identify any gaps or corrective actions needed before your certification audit.

## EXTERNAL CERTIFICATION AUDIT ARRANGEMENTS

- We arrange for a certification auditor to carry out the final audit, ensuring a smooth path to certification.

## INTERNAL AUDIT

- Post-certification, NMS remains available to assist with the ongoing maintenance and continual improvement of your management systems.

# Why Choose Us

- **Customer Confidence:** ISO certification is globally recognized, providing assurance to your customers and partners about your commitment to quality and compliance.
- **Cost Efficiency:** Our services are designed to reduce waste, minimize errors, and improve operational efficiency, leading to significant cost savings.
- **Competitive Advantage:** Achieving ISO certification gives your business a competitive edge, helping you stand out in the marketplace.
- **Global Recognition:** Our certification services open doors to international markets by ensuring compliance with globally recognized standards.
- **Sustainability & Responsibility:** We help you implement systems that ensure long-term sustainability, environmental responsibility, and community trust.
- **Continuous Improvement:** We foster a culture of continuous improvement, helping your business stay ahead of the curve in a dynamic market environment.

# Our Promise

NMS is committed to delivering exceptional service that drives real value for our clients. We pride ourselves on our professional approach, deep industry knowledge, and our ability to customize solutions that meet the specific needs of each client. We understand the unique challenges that businesses face, and we are dedicated to helping you achieve sustainable success through compliance, efficiency, and continuous improvement.

# Thank You
